About real estate

We offer for sale a luxury apartment 2 + kk with a living area of 55.5 m² with a balcony (4.4 m²) with a pleasant view. The apartment is part of the newly emerging luxury five-star resort MOLO Lipno with a private garden and pier to the lake. The project will be built on the banks of the Lipno River, in a beautiful location surrounded by Sumava nature, and offers second living and recreational use. A five-star hotel will also be built adjacent to the resort, which will expand the project's residents' options with many services throughout the season.

The apartment is practical, luxuriously equipped, with underground parking. The spacious hallway has a separate storage room and plenty of additional storage space. Living room (22,9 m²) with kitchenette and access through a French window to the balcony (W). There is also a separate bedroom (15.6 m²), the bathroom with shower is equipped with premium furnishings (Villeroy & Boch, Kaldewei or Hüppe). The apartment has a cellar (4.3 m²), a lockable cubicle and one parking space in the underground garage with reduced access. The parking spaces are spacious enough even for SUV cars. The garages will include a charging station for electric cars.

The resort is designed to a high standard: cooling by means of internal wall or under-ceiling circulation units, a central boiler house with connection to individual apartments via a heat exchanger, enabling spatial control of heating and providing hot water. Fire safety doors. Wooden floors, large format design tiles in bathrooms and chambers. Wooden windows, triple glazing, French windows on balconies and terraces, views of the lake or garden (depending on the location of the apartment).

Resort secured by electronic entry system. Shared reception with security. Due to the division of the houses into sections with separate staircases and lifts, there are a maximum of three apartments in the common corridor.

Between the residence and the hotel, a promenade with shops and a cafe will lead to a majestic 150-metre long pier with a swimming pool and the Molo Club Restaurant, where you can refresh yourself with a drink or dinner overlooking the sunset. The pool is heated, with clear filtered water.

The location of the largest lake in the heart of Sumava is ideal in all seasons. In spring and autumn it attracts golf, hiking, horse riding or cycling. In summer, it welcomes especially lovers of water sports - swimming, diving, yachting, surfing, kiting, jet skiing or sport fishing. In winter, it offers almost 12 km of downhill trails, a ski and snowboard school, the famous snow park, cross-country ski trails and the largest children's ski playground in the Czech Republic. For more demanding skiers, the Hochficht Ski Resort, just over the border with Austria, awaits with its 21 slopes.
