About real estate

We offer for sale a designer apartment 2+kt with a living area of 51.3 sqm with a balcony of 3.56 sqm in a unique development

project Garden Lofts in Pechlátova street, Prague 5.

The apartment is situated on 3rd floor. The interior includes a hallway, a spacious living room with a kitchenette, a bedroom

and a bathroom with a shower. From the living area there is an entrance to the balcony. The apartment has a parking space in

the underground garage and a brick cellar.

The residence has a private garden (2 495 sqm). It is situated on a sunny slope, which is terminated in the upper part by a

forest stand. The different levels will create sufficient privacy for the owners of the apartments and provide the possibility of a

variety of uses. On the lower level there is a garden pool with residence terraces for sitting. In the garden, gazebos with

facilities for barbecues, picnics, etc. will promote privacy. The higher levels of the garden offer raised beds for growing

vegetables or herbs. The upper level then has a fire pit with bench seating for evenings by the fire. Completely above will be

facilities for children with play elements, as well as elements for sports and fitness activities.

The house will be built of reinforced concrete frame, complemented by timber structures and solid, high quality insulating

glazing. Heating is provided by a central gas boiler and underfloor heating distribution in all rooms. The bathrooms will have

designer heating elements. Large-format aluminium windows with triple glazing in an industrial design from the prestigious

Austrian window manufacturer Reynaers will be equipped (except for the northern facade facing the street) with aluminium

roller shutters. The apartments will include air conditioning and a smart home. The floors will feature a stylish combination of

wood, designer concrete finishes and ceramic tiles. The project offers upscale materials with acknowledged industrial

elements, with designer tiles and fittings from Elite Bath in the bathrooms.

The general contractor is SWIETELSKI.

Completion: summer 2023.

It is a green area, quiet and away from the main Radlická street, from which it is screened by massive original buildings.

Accessibility to the city centre is easy, from the residence you can walk in 8 minutes to metro B - Radlická. It is also possible to

take trams No. 7 or 21 to the centre, whose stop is again only a few minutes away. When travelling outside of Prague, you can

easily reach the Smichov Tunnel and the Prague Ring Road within minutes. All civic amenities are literally at your feet. A

stone's throw away is a network of shops, schools and stores in the Smíchov Andel district with cultural stalls, entertainment

centres, offices, banks, medical care, etc. The swimming pool with tennis courts, the Kutvirtova street workout playground and

the Brabenecký Hill, Dívčí hrady or the nearby Prokopské údolí are just a few minutes' walk away.

The visualizations are illustrative.
