## About real estate

We offer for sale an apartment in the Rezidence Svatá Barbora project. The apartment has a layout of 2+kt and a floor area of 58,1 sqm with a balcony of 39,4 sqm. It is located on the 4th floor of a new building with planned completion in the 4th quarter of 2026.

The apartments will offer a high standard of equipment – wooden floors, flush doors, French wooden Euro windows with Climax external electric blinds, Spanish Peronda tiles, and premium quality sanitary ware. A modern kitchen unit including Electrolux appliances is a matter of course.

Emphasis is also placed on energy sustainability – the building will be equipped with heat pumps, photovoltaic panels with battery storage, and a rainwater harvesting system, ensuring low operating costs and long-term ecological operation.

The residence's exceptional location in the immediate vicinity of ski slopes, hiking trails, and bike paths creates ideal conditions for both recreational living and investment with the possibility of year-round rental.

The Svatá Barbora residence represents a harmonious combination of modern design, comfort, and the atmosphere of the Šumava region—a place where you can enjoy the peace, space, and quality of life you deserve.
