About real estate

We are offering for sale a spacious 3-bedroom apartment with a kitchenette (3+kk), with a total usable area of 94.4 sqm, located in an exceptional residential project in the prestigious Královské Vinohrady district of Prague 3. This unique corner building harmoniously combines the historic atmosphere of the early 20th century with the comfort and elegance of modern living. The building is currently undergoing a sensitive renovation, during which original craftsmanship details are being carefully preserved and restored — from decorative ceramic tiles in the entrance vestibules and stucco ornaments to valuable architectural elements on the façade.

The interior has been designed by leading architects from the SMLXL studio, with an extraordinary emphasis on high-quality materials, technical precision, and timeless aesthetics. The spaces stand out for their well-thought-out layout and premium modern standards. The apartment also includes a cellar storage unit.

Completion of the renovation and final approval is scheduled for 2026.

The project is situated in the heart of one of Prague's most sought-after and beautiful neighborhoods — Královské Vinohrady. Just a few steps from the building is the Jiřího z Poděbrad metro station (Line A), providing fast and convenient access to the city center and other parts of Prague. The Main Railway Station is also within walking distance.

The surrounding area offers excellent civic amenities, renowned bistros, stylish cafés and restaurants, regular farmers' markets, and popular gastronomic and cultural festivals. Nearby parks — Sady Svatopluka Čecha, Riegrovy Sady, and Mahlerovy Sady — provide ideal spaces for relaxation, sports, and family activities. The entire neighborhood offers a perfect balance of tranquility, culture, sports, and vibrant social life.
