About real estate

We offer exclusively for sale an exceptional building plot with a total area of 756 sqm located in Modřany, in one of the most attractive locations of Prague, on the border of the protected landscape area The Modřany Gully.

The unique location and view of the natural monument, which is an important geological site in Prague, corresponds to the highest demands for living. The land is in a quiet street Mezihorská with existing residential development. On the land there is a family house, which is not used and is intended for demolition (from Prague 12 is issued consent). All utilities are connected to the land.

The location of Modřany, in addition to the possibility of relaxation in nature, provides all civic amenities and excellent transport accessibility.
